

Week 5

12-July to 16-July

Goals

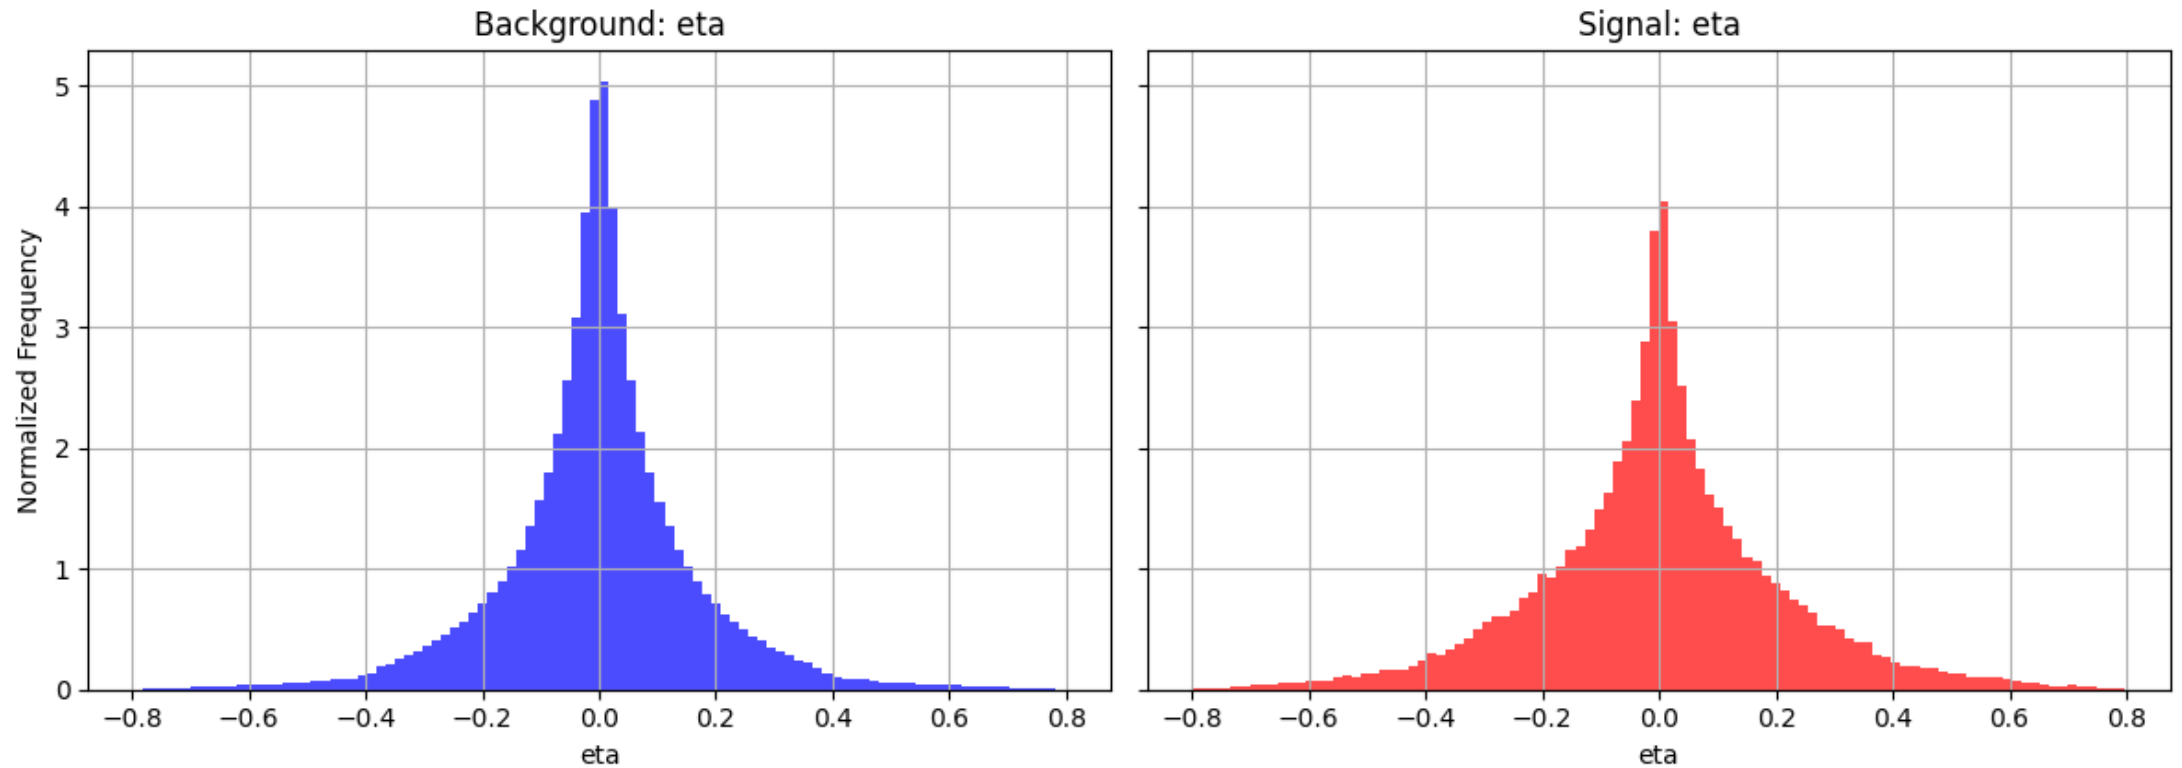

- Fix mass-based edges
- Train on flattened pT slices

Feature Distributions

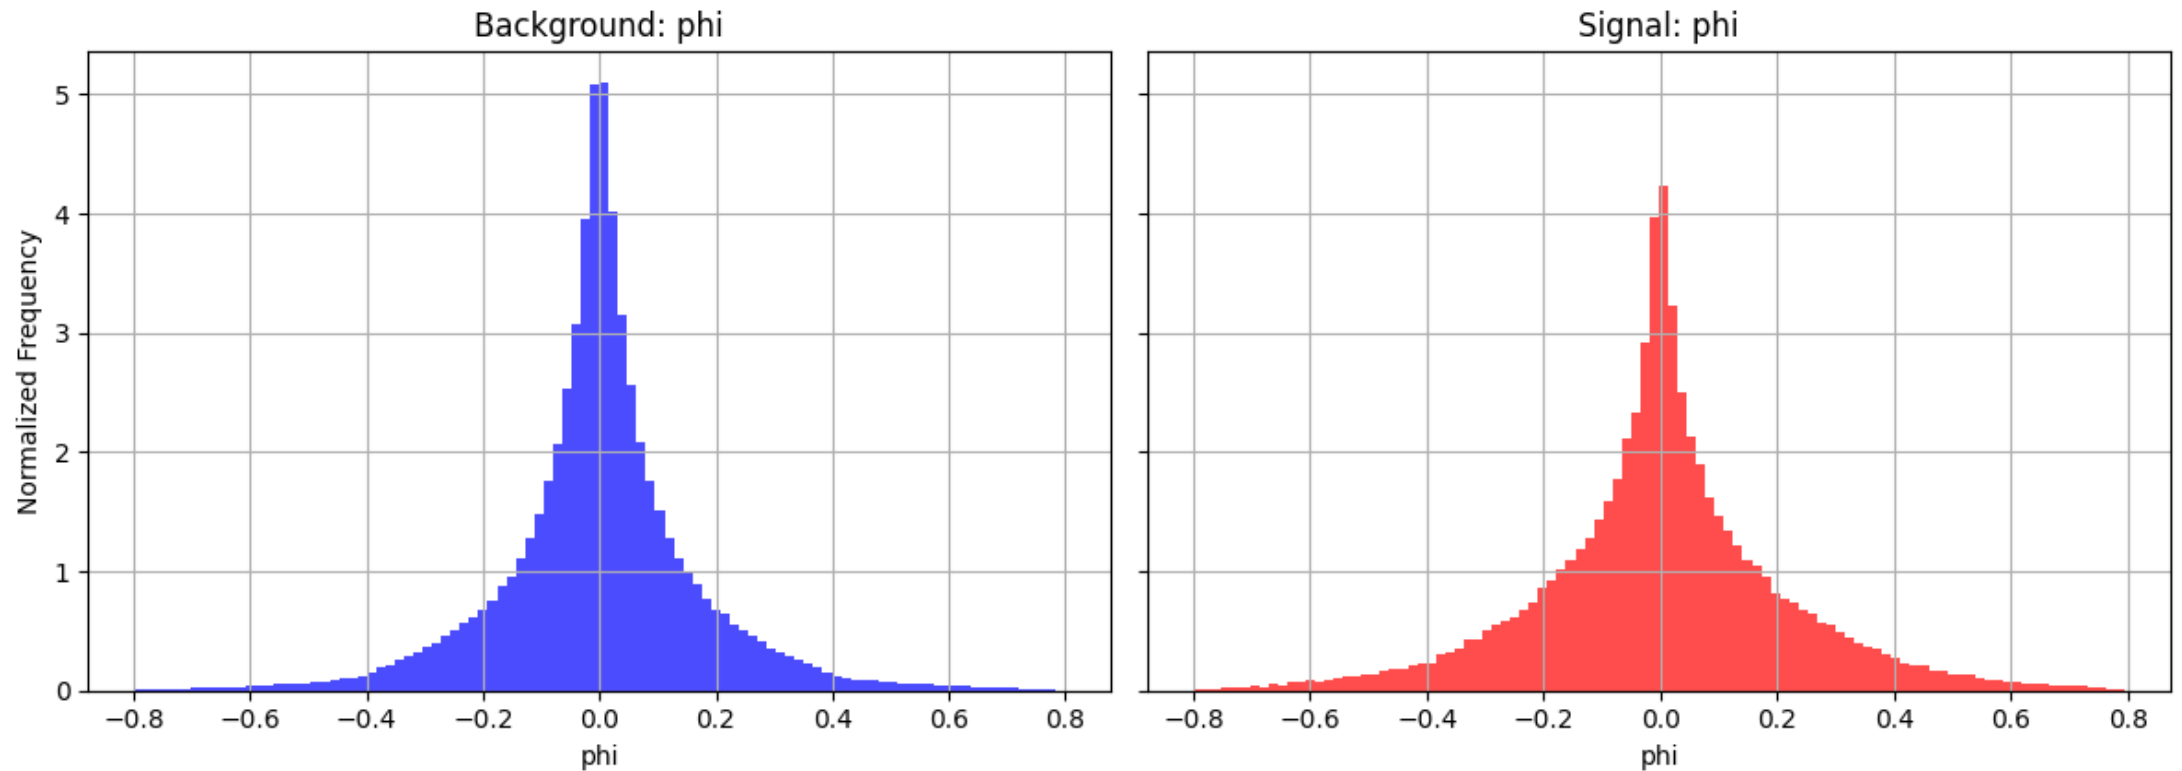

Feature Distributions

Raw Distribution Comparison: eta

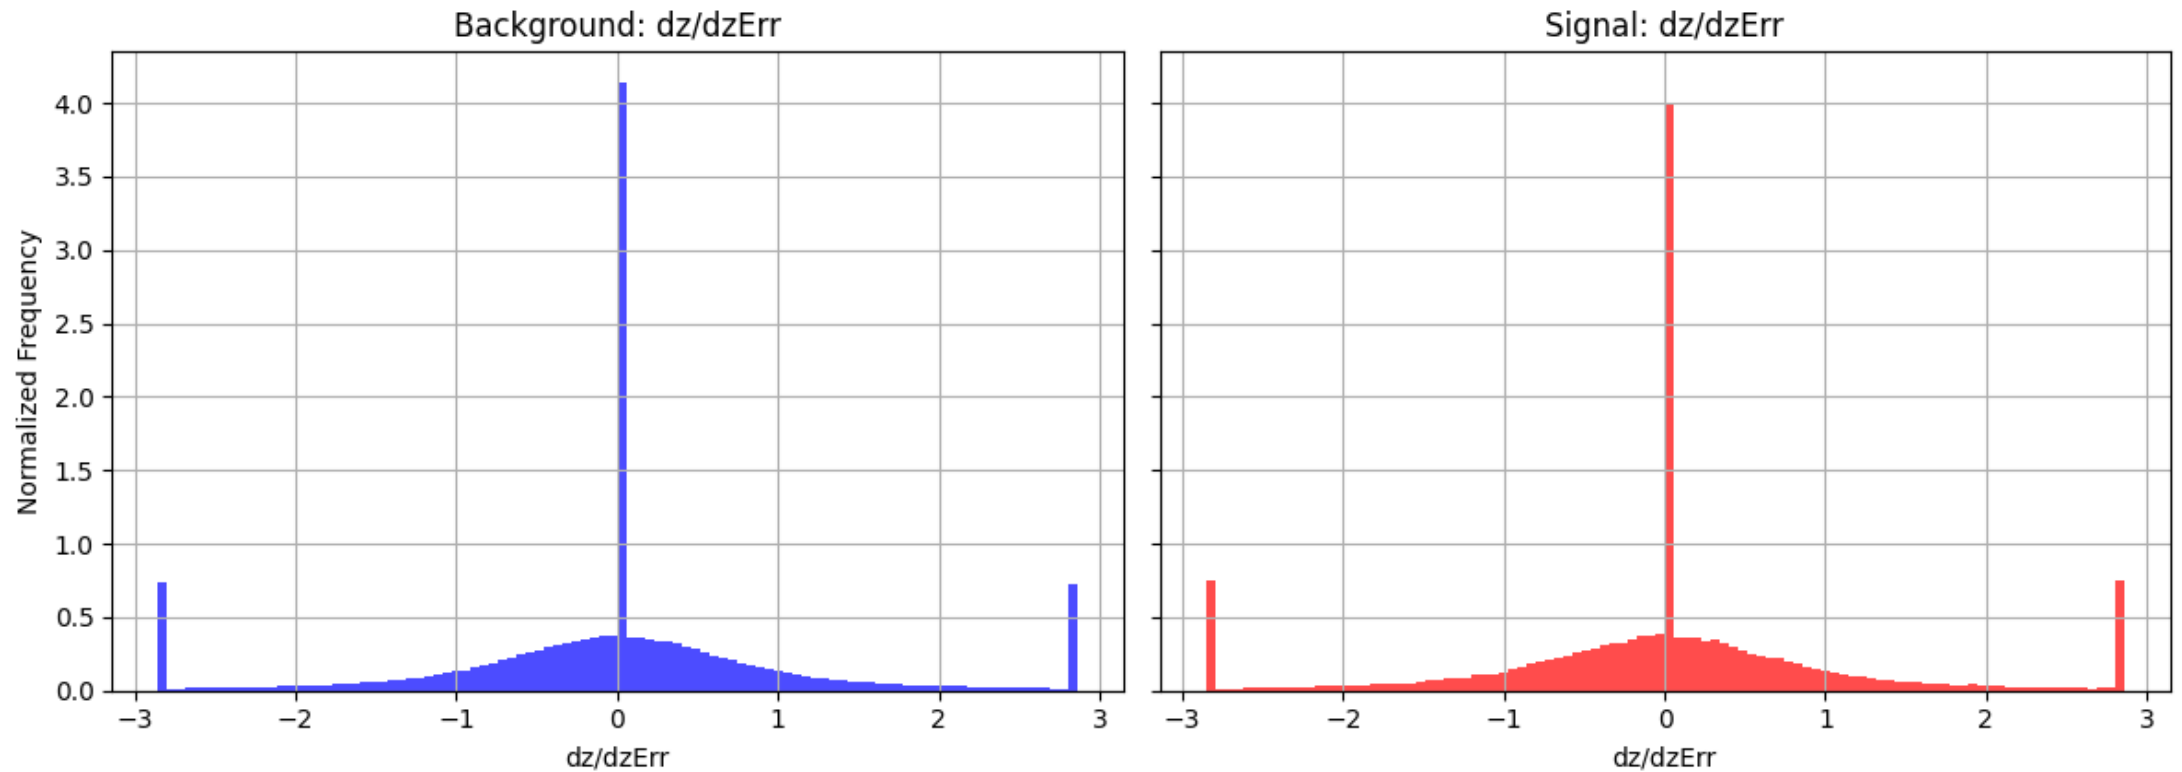

Feature Distributions

Raw Distribution Comparison: phi

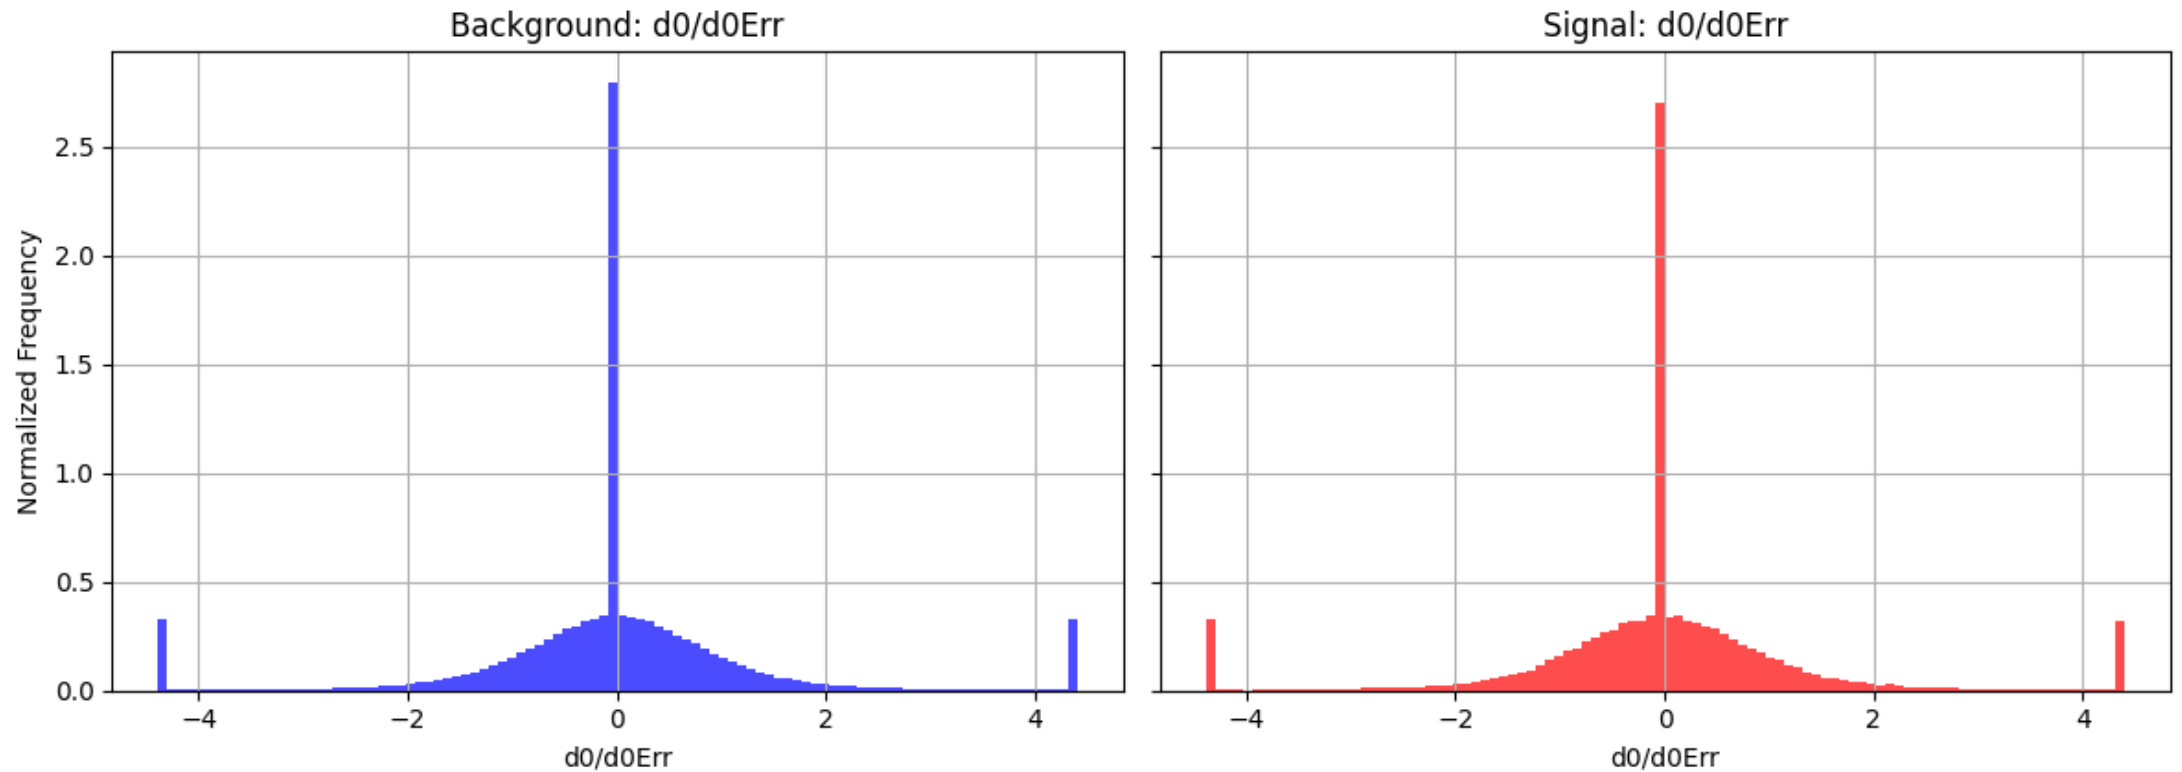

Feature Distributions

Raw Distribution Comparison: $dz/dzErr$

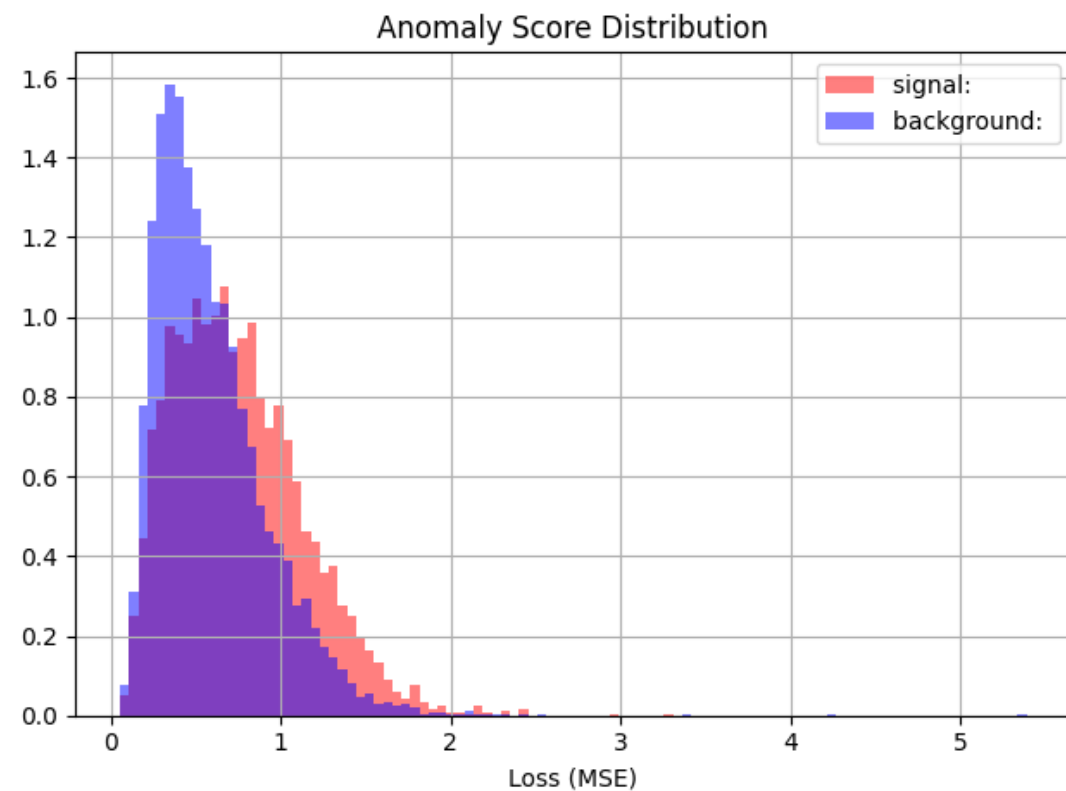

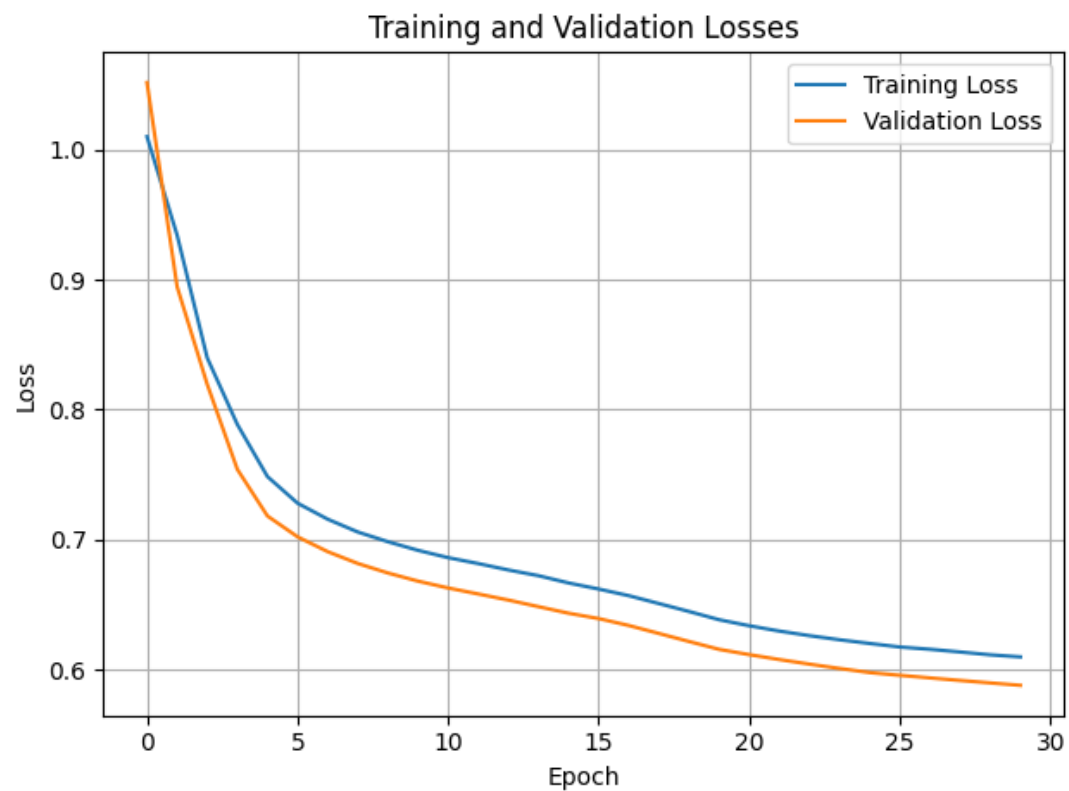

Feature Distributions

Raw Distribution Comparison: $d0/d0Err$

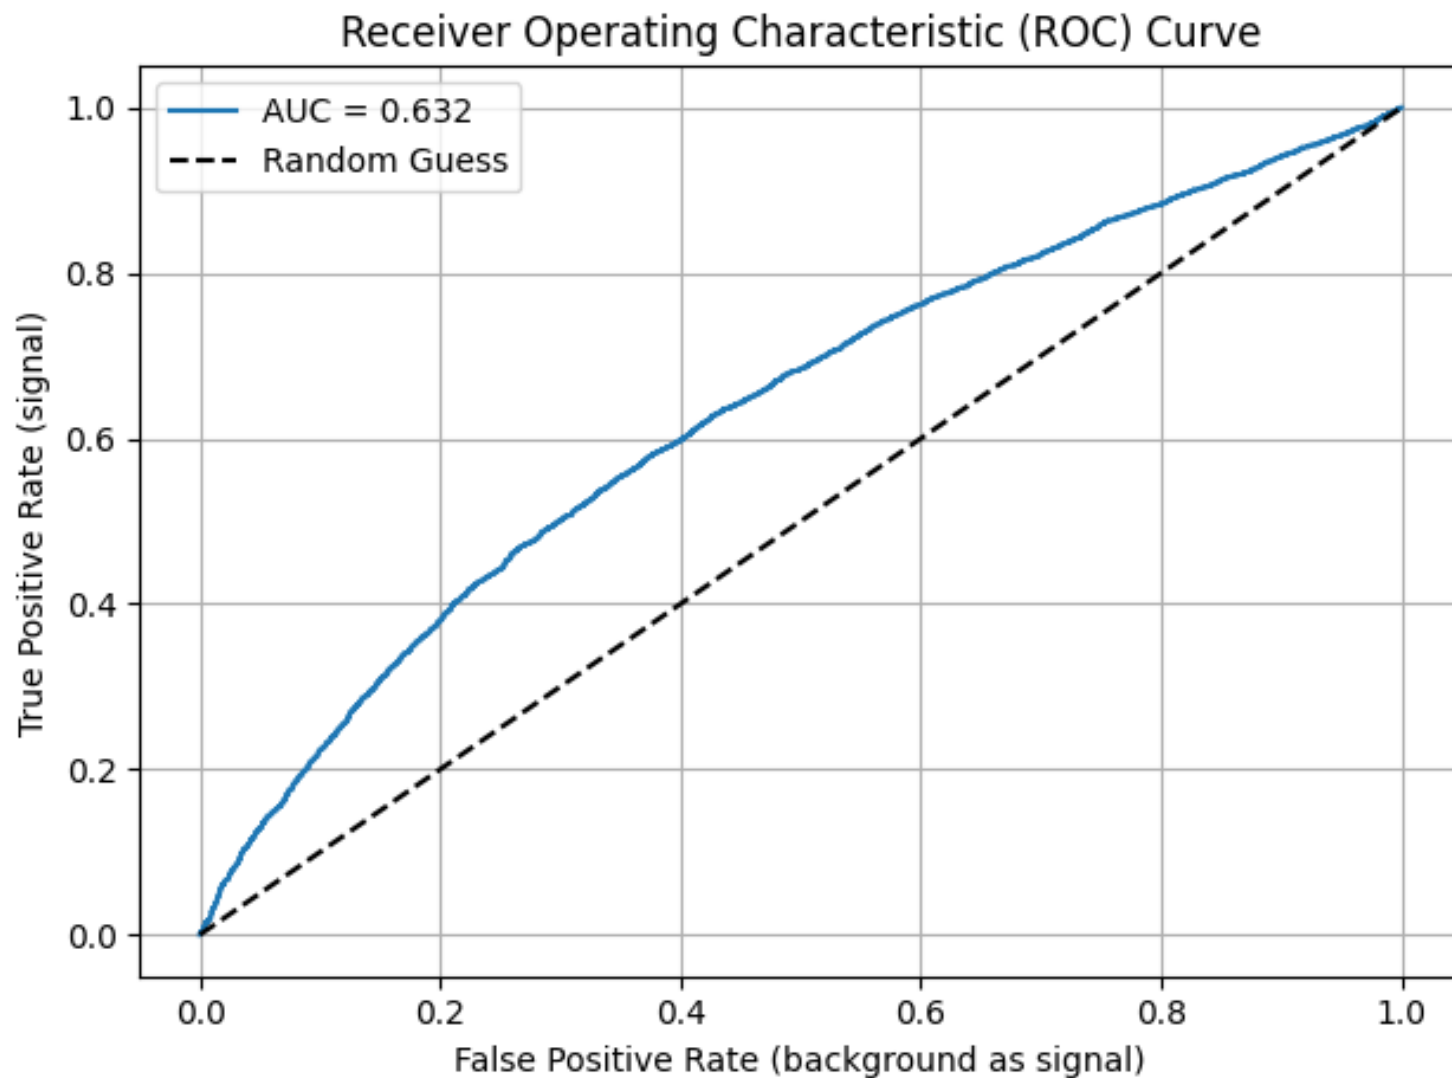

Eta-Phi

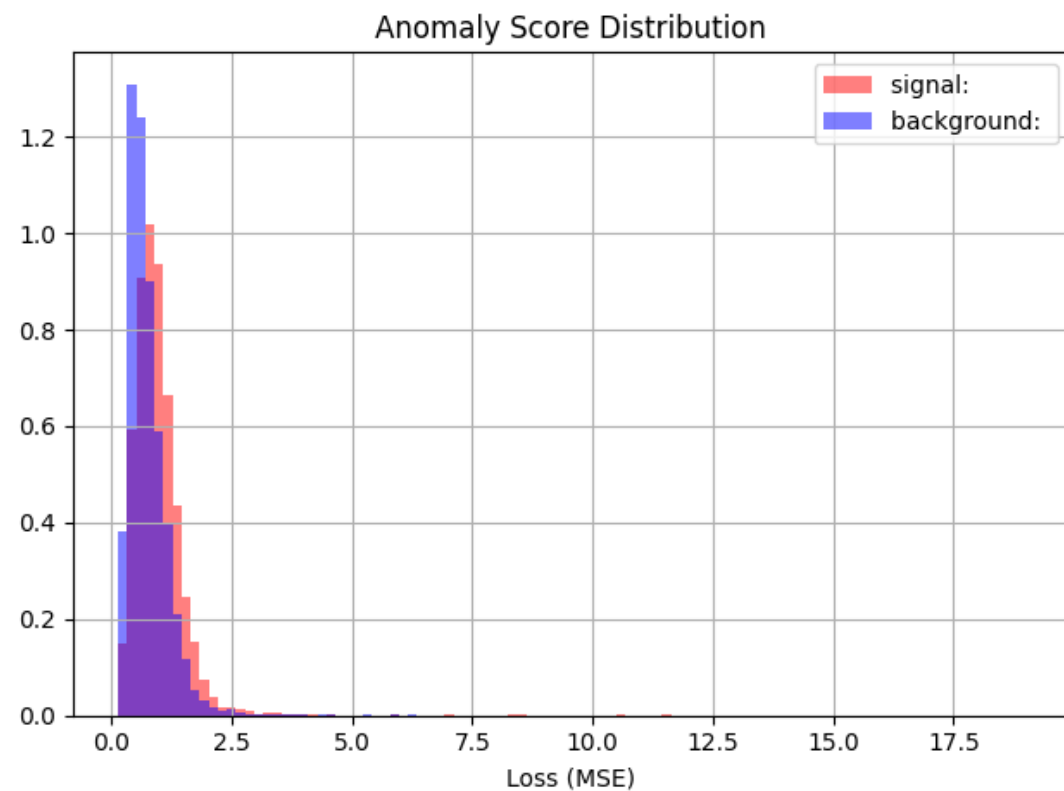

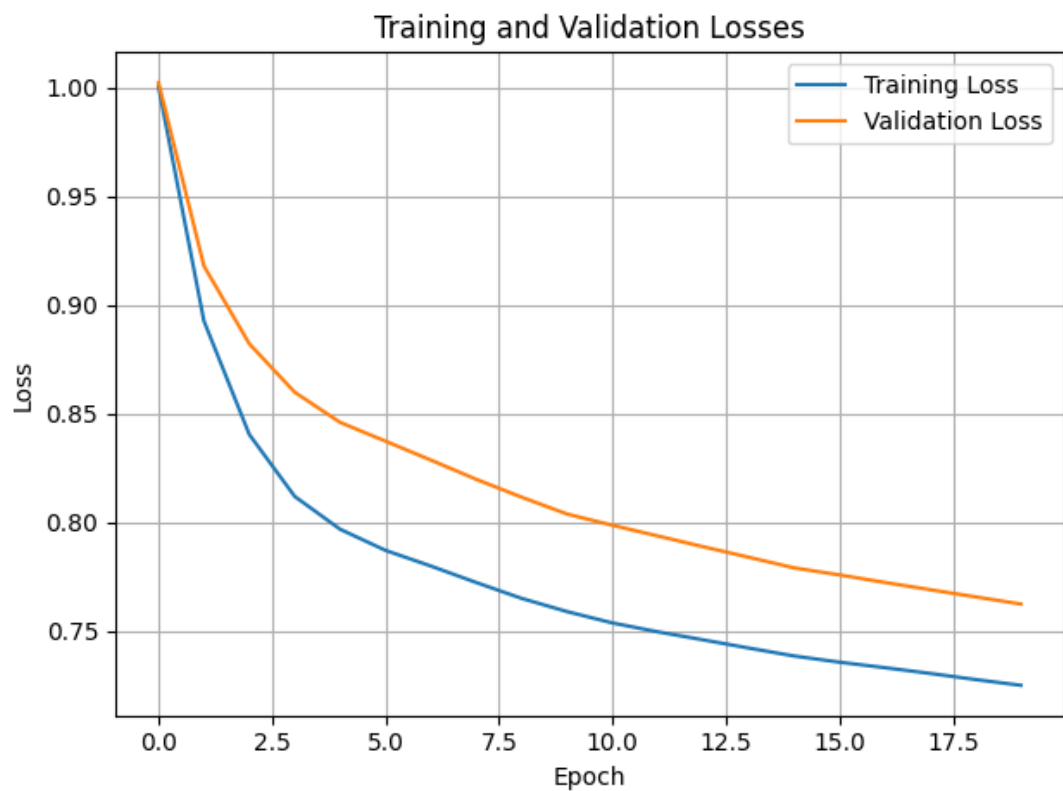

Eta-Phi

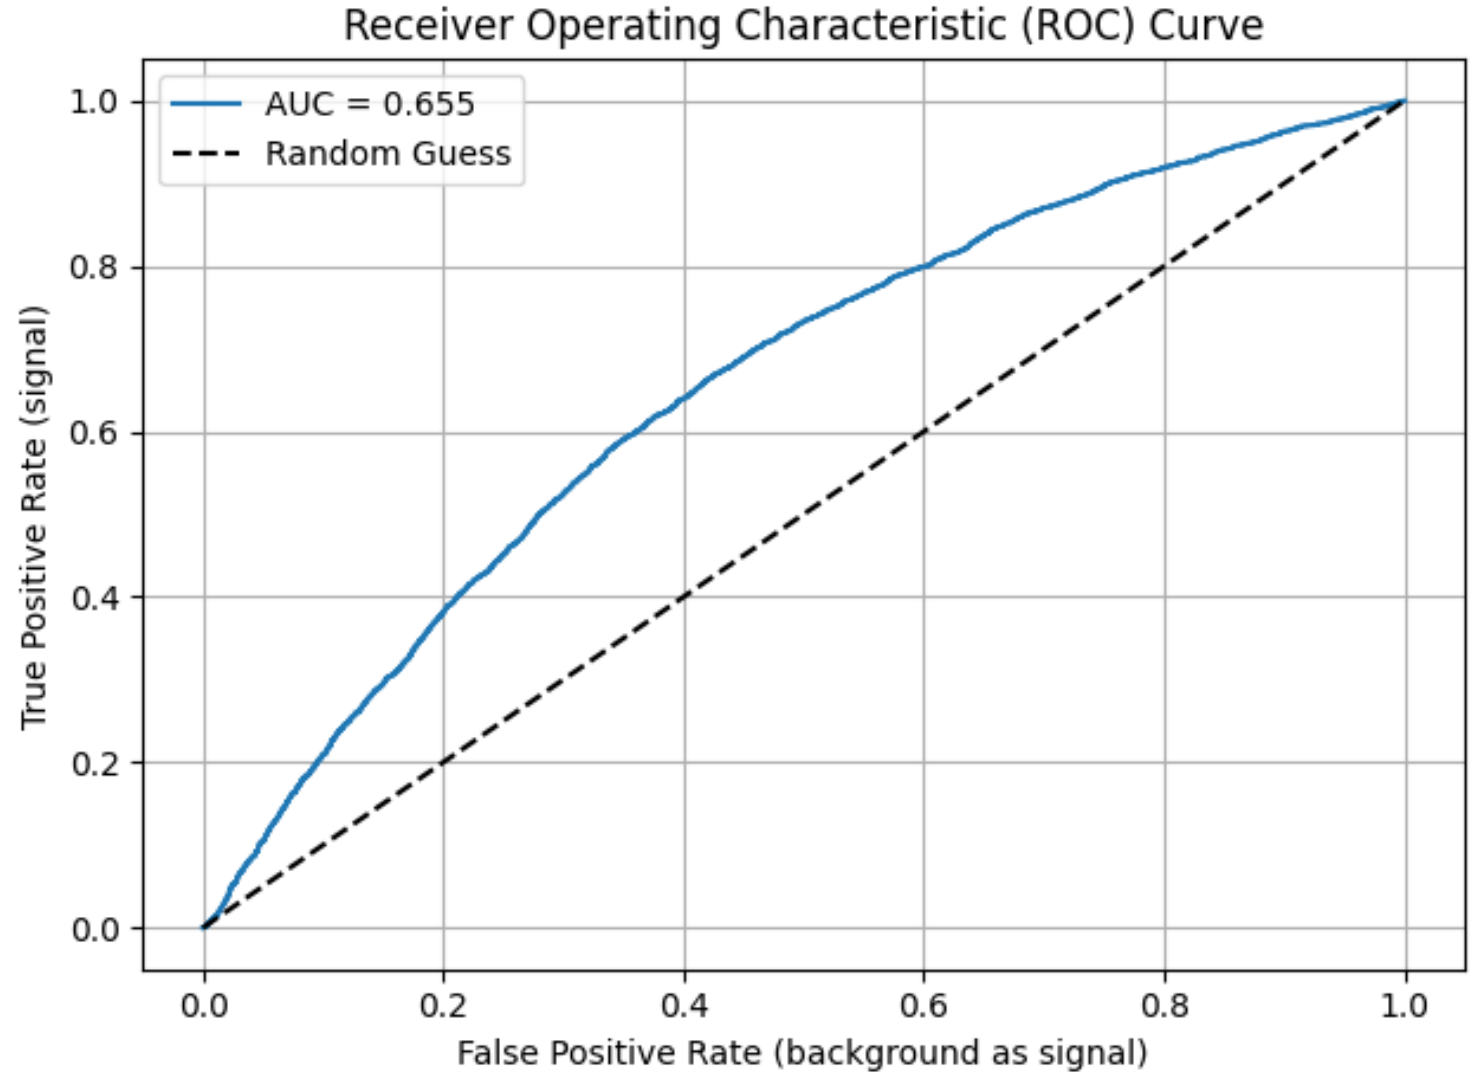

AUC = 0.632

Invariant Mass

Invariant Mass

Next Steps

- Compare different pT slices
- Try different loss functions
